

Community Pharmacy Professionals
Advancing **Safety** in Saskatchewan

COMPASS TRAINING SESSION

LEARNING OBJECTIVES

- Identify the COMPASS requirements and the SCPP by-laws on continuous quality improvement (CQI)
- Define the relationship between medication safety and CQI in community pharmacy practice
- Share learning of medication safety with peers via internal and external communication channels

PROGRAM INFORMATION

Presenters will first provide an overview of COMPASS and SCPP by-laws on CQI. They will include a review on medication safety and its relationship to CQI in community pharmacy practice.

Participants will learn about the ISMP Canada Medication Safety Self-Assessment (MSSA), the Community Pharmacy Incident Reporting (CPhIR) Program, and the online CQI tool. Participants will also have the opportunity to learn from COMPASS Champions' experience during the panel discussion.
