Appointment of Registrar for the Saskatchewan College of Pharmacy Professionals

President Justin Kosar is pleased to announce the appointment of Jeana Wendel as Registrar, effective January 8, 2018.

President Kosar states, "After Registrar Ray Joubert announced his retirement, Council embarked on an intensive process with the assistance of a recruitment firm with expertise in this area. The Search Committee chose Jeana because she meets and exceeds our selection criteria and arrives with outstanding credentials. As she assumes her new responsibilities, we look forward to welcoming and working with her, and also to the continued support of members for the office."

Ms. Wendel has several years of progressive experience in both community and hospital pharmacy practice as she leaves her position as Site Manager, Allan Blair Cancer Centre in Regina. She holds a Bachelor of Science in Biology from the University of Regina, and a Bachelor of Science in Pharmacy from the University of Alberta. Ms. Wendel practised in and owned a community pharmacy before returning to Regina to practise pharmacy with the Saskatchewan Cancer Agency. Amongst many accomplishments, she is certified as a Lean Leader, completed various management and leadership development courses, and is currently enrolled in the Master of Health Administration program at the Johnson-Shoyama Graduate School of Public Policy, University of Regina.

"I am honoured," says Wendel, "to have been selected for the position of Registrar of the Saskatchewan College of Pharmacy Professionals. I look forward to working with SCPP Council and staff, members, government and allied health professionals to create an environment where pharmacy professionals can practise to the fullness of their scope to provide safe, competent care and continue to work together to advance the quality of pharmacy care for a healthier Saskatchewan."

Please join the College in welcoming Jeana to her new role.
