Saskatchewan Polytechnic, in collaboration with the Saskatchewan College of Pharmacy Professionals (SCPP) is offering the Structured Practical Training and Assessment course to Pharmacy Technicians as one of the registration requirements to be completed prior to licensing as a pharmacy technician in Saskatchewan.

It is recommended that you work to meet the licensing requirements well in advance of the June deadline. Apart from the Structured Practical Training Assessment Course, other requirements that must be met are the PEBC Qualifying Exam and the SCPP Jurisprudence Exam.

**Structured Practical Training and Assessment (SPTA)**

The **Structured Practical Training and Assessment (SPTA)** This course is for graduates of CCAPP accredited pharmacy technician programs with work experience of less than 2000 hours in the past 3 years or have graduated in the last year. The course consists of activities that will allow the candidate to practice and demonstrate the required competencies important to the profession and listed by the National Association of Pharmacy Regulatory Authorities (NAPRA). Practice and evaluation will be at a placement which the candidate will secure. The selection of a community, hospital or community/hospital setting will require approval by Saskatchewan Polytechnic and must provide sufficient opportunity to demonstrate the competencies to be assessed. Candidates have **24 weeks** from the date they register to complete the course.

**Delivery Method:** Print Correspondence  
**Tuition:** $730

For Structured Practical Training and Assessment (SPTA) application and registration information please email **Pharm.Tech@saskpolytech.ca** or call 306-659-4070.
